—The case of the state against Anthony Smolensky, charged with shooting Hank Gilfoyle, will be heard in the district court to-day.

—Quite a number of young people assembled at the home of Miss Ruth Patterson last evening and passed several hours very pleasantly.

—H. W. Stearns, of Grand Island, will preach at the Baptist church on Sunday. Morning, subject "Restored joy and its Fruit;" evening, "A Fast Young Man."

—If Mayor Baker wishes to be up-to-date, he should call a mass meeting of citizens to consider the Cuban question. Such meetings have been recently held in a number of Nebraska towns.

—E. F. Seiberger has been shipping wheat from Hershey to the Kansas City market. He shipped one car a few days ago, will ship another to-day and one the early part of next week.

—Fred Fredrickson, Wm. Smallwood, Chas. Hall, Alex. Stewart and James Burns went to Omaha last night to attend a meeting of the Mystic Shrine, which will be followed by a banquet. The boys expect to return home Sunday night.

—The state board Wednesday canvassed the vote at the late election, which shows that Norval received a plurality of 9,614 over Maxwell. The total vote cast in this judicial district was 5,832, of which Grimes received 2,982 and Neville 2,850, a majority of 123 for Mr. Grimes.

—McMichael & Bogue have sold their confectionary business on Front street to John Adams.

—The annual Episcopal convocation of the Platte Jurisdiction will be held in this city next January.

—A musical convention is in progress at Kearney this week, conducted by Prof. Mountz of Chicago.

—The thousand feet of fire hose ordered by the city council will probably arrive in about ten days; the manufacturers finding that they were able to fill the order more quickly than they anticipated.

—A hunter killed a fine deer in the towheads south of Brady Island Tuesday evening. There are said to be several of these animals in that locality, but the brush is so dense that it is almost impossible to find them.

—In the Freer-LaRue assault and battery case, tried in the district court this week, the jury found the defendant guilty of assault and battery. Only about one-fifth of the witnesses subpoenaed were called on the stand.

—W. T. Wilcox entertained a number of his gentlemen friends at his residence Wednesday evening. Mrs. Wilcox had prepared a fine spread, and there was a feast of reason and a flow of wit. The occasion was very enjoyable to all present.

—Messrs. Taylor and Lemon, who are in town soliciting members for the Order of the World, have secured twenty-five or thirty applications and will organize a lodge on Wednesday evening of next week. I. G. Baright, the district manager, will be here to install the officers.

—There were not many people in North Platte who did not have a good dinner yesterday. The several hotels and restaurants gave their guests excellent meals, the average household had its turkey dinner, and many families in poor circumstances were the recipients of baskets of food.

—Mr. Jay, representing the Lincoln State Journal, has been in town for several days in the interests of that paper. The Journal during the past six months has greatly improved its news service, and is now regarded as the peer of any state paper. It now reaches this city in the afternoon of the day upon which it is printed.

—Woman's Relief Corps No. 110 has recently been re-organized and now has a much larger membership than formerly. This organization in connection with the Grand Army post will hold a social at the post room next Saturday evening, at which the members and invited guests will be treated to a lunch and given a nice time socially.

—The depositors of the North Platte National Bank will petition comptroller of the currency Eckels to levy an assessment on the stockholders of that institution to the end that receiver Doolittle may have sufficient funds to declare another dividend. Under the general condition of business the receiver finds it rather slow work making collections, and as the depositors need their money, they decided to petition for the assessment.

—The North Platte high school cadets have rallied from the prolonged silence in which they have been slumbering for the past six months. They have changed and transferred all business transacted in the name of the High school cadets to North Platte cadets. The money which has been laying in their exchequer, derived from the entertainment last spring, will be expended in the near future for new uniforms. The reason of the change is not definitely known.

—Ted McEvoy left a day or two ago for Cripple Creek to look after some mining interests which give promise of making him big money. His brother P. H. may make a run up there in the future.

—The dance and supper given at the opera house Wednesday evening by the ladies of the Catholic church was largely patronized. The supper was pronounced excellent and the dance unusually enjoyable.

—Two companies of merit will be at Lloyd's opera house the early part of next month—the Slayton Jubilee singers on the 5th and the "Fast Mail" on the 10th. Both attractions should be well patronized.

E. B. WARNER.

—We are requested to state that the collection at the union services yesterday amounted to \$9.80, and this sum is in the hands of Rev. Foulk, treasurer of the ministerial association. It will be used for relieving the wants of the worthy poor.

—At the regular shoot of the gun club last evening Tom O'Neil won the medal by breaking fifteen blue rocks out of twenty. Several other members made nearly as good scores. In the practice shoot held afterwards, R. L. Graves broke thirteen out of fifteen.

—Potato raisers on the ditch are experiencing some trouble in finding a market for their crop. The markets in the cities seem to be glutted with the tubers. The growers, as a rule, have ample cellar room to store their crop, but they fear that next spring the market may not be much better. A recent Pittsburg paper stated that there were six miles of cars loaded with potatoes sidetracked in that city at one time.

PEOPLE WHO COME AND GO.

Supt. Nichols is in town to-day. Fred Barraclough went to Omaha Wednesday. W. H. McDonald went to Omaha Wednesday night. Presiding Elder Leonard went east on train No. 2 to-day. Miss McGinn of Pittsfield Ill., is visiting relatives and friends in the city. John Dick came home from the state university Wednesday for a brief vacation. J. H. McColl and sister, of Lexington, were the guests of Mr. and Mrs. A. S. Baldwin yesterday. W. H. Johnston, who has been working in Mills county, Iowa, returned home a day or two ago. Mrs. R. Anderson, of Kearney, has been visiting North Platte friends for the past day or two. Two daughters of John Alexander arrived from the east a day or two ago and will remain for some time. Miss Mamie Nugent, of Maxwell was the guest of Miss Lora Murray of this city for a day or two this week. Mrs. Hugh Bird went to Cheyenne Tuesday night to visit her husband who has been employed there for some time past. Miss Eva Fenwick, who is teaching school near Paxton, came down Wednesday to spend a short vacation with her parents. E. M. Leflang was in town yesterday. He and Mrs. Leflang returned last week from a visit to the Atlanta exposition. Miss Berenice Searle went to Ogallala Wednesday evening to spend Thanksgiving with her uncle. She will return Sunday. Mrs. John Sullivan, of Cherokee, Iowa, a sister of M. J. Cronen, arrived in town last night and will visit that gentlemen and his family. Mrs. Davis, mother of Mesdames Walker and Bullard, who has been spending the past two years in the south, is expected to return to the city in the near future. Mrs. L. Walker and daughter May will shortly move from the ranch to the city for the winter. The affairs at the ranch will demand the Major's presence there the greater part of the time. John and Frank Simpson and George Russell went to Laramie last night to attend the funeral of engineer Simpson who died Wednesday. The deceased was an uncle to the two Simpson boys.

RAILROAD ROTATION.

Engines 649 and 1201 were turned out of the shops Wednesday. Traveling auditor Mahoney checked up this station Wednesday. Engine 649 which came out of the shops this week has been given to Geo. Austin. The appointment of W. R. Kelly to succeed J. M. Thurston as general solicitor of the Union Pacific has been officially announced. The bridge and building gang is putting in new track sills in the machine shops. The timber used is very heavy and one should think it would last a life time. Gress' gang is now employed in laying a steam pipe from the round house to the depot, the object of which is to furnish steam to keep the coaches on No. 5 warm during the night. As has been his custom for a half dozen years past Foreman McCart, of the bridge and building department, treated his workmen to a turkey dinner yesterday, the spread being served at his home. One or two of the boys who quit the shops here and found employment in Cheyenne, write that they do not like the work there as well as they did here, and they seem to long for their old positions. Baggage agent McGovern has received a circular stating that after December 1st bicycles, tricycles and baby carriages will not be accepted as free baggage, but will be charged on the basis of fifty pounds of excess baggage. No charge of less than 25 cents is made. James Fonda spent several days in Omaha this week on business pertaining to the wreck in which he figured a week ago. The matter has been settled satisfactorily and he will resume work at once with engine 667. Last evening's Omaha Bee says: "While the fast mail has been having a pretty rocky time of it, the trouble, it now appears, has not been on account of the inability of the Union Pacific to make the schedule time between Omaha and Ogden, but has come from a combination of circumstances with which the Overland system has had but very little to do. The Northwestern has been having some hard luck that has made it impossible to put the train into Omaha on time and there have been a number of causes for delay that could not have been avoided. Bad weather, winds that made it impossible for any train to do schedule duty, and a few untoward deals of that kind have operated against the fast mail, but in face of all these adverse circumstances the train, the heaviest run on any western road, has made the trip to Ogden on time nearly ever since the new schedule was inaugurated. The Union Pacific has taken the fast mail from Omaha three hours late and touched Ogden within a few minutes of schedule time, and has made up from one to two hours quite frequently. The officials of the operating department assert that after the newness of the schedule has been worn off there will be no difficulty in making the trip with comparative ease on the swift schedule now in force. Under the new schedule the fast mail will leave Omaha at 3:30 in the afternoon, five minutes earlier than at present, and will allow twenty minutes' leeway between Omaha and Cheyenne, but will pick up the twenty minutes between Cheyenne and Ogden and will arrive at the latter point at 2 a. m., but fifteen minutes later than the present schedule time."
